Technical Skills

Frontend: ReactJS, NextJS, Javascript, Typescript, Tailwind, Redux, Zustand
Backend: NextJS, Laravel, Typescript, Javascript, NodeJS, TRPC
Database: MySQL, PostgresSQL
Version Control: Git, Github, Gitlab
Devops: AWS, Docker, Kubernetes, CI/CD

Experience

Brief   Dec 2021 – Present
Full-stack developer   *Paris, France*
- Spearheaded the design and implementation of responsive user interfaces using ReactJS, contributing to a 15% improvement in user satisfaction scores.
- Guided a cross-functional team in implementing a new feature with NextJS and TRPC, resulting in a notable 20% increase in user engagement within the initial month.
- Improved overall application performance by optimizing MySQL database queries, leading to a 15% reduction in page load times.

Pairroxz Technologies   Nov 2020 – Dec 2021
Backend Developer   *Jaipur, Rajasthan*
- Designed and implemented Rest APIs with Laravel, and used MySQL for database and AWS for deploying the websites.
- Optimized data retrieval using MySQL and Laravel Eloquent ORM, achieving a 20% reduction in fetching time for enhanced system performance.
- Employed Trello for effective project management, organizing tasks, and ensuring a streamlined workflow in the development process.
- Leveraged Figma for collaborative design, allowing seamless communication and coordination between team members and frontend developers during the API development phase.

Projects

FoodNFeed | NextJS 14, Tailwind, TRPC, Typescript, Next Auth, Prisma ORM, AWS, Postgres, AWS S3, Docker
- Utilized TypeScript and tRPC for efficient and type-safe backend development, ensuring robust and reliable APIs.
- Integrated Next.js for dynamic and performant frontend applications, complemented by Tailwind CSS for responsive and visually appealing user interfaces.
- Employed Docker for containerization, reducing deployment time and ensuring consistency across development, testing, and production environments.

SimpleWeb | Laravel, Javascript, Jquery, Ajax, AWS, MySQL, AWS S3
- Developed a user-friendly website builder dashboard using Laravel, empowering users to create and enhance their business websites efficiently.
- Engineered a robust CI/CD pipeline using Gitlab CI/CD and Docker, resulting in a 40% reduction in deployment time and ensuring consistent, reliable releases.

HR-Matters | Laravel, Jquery, RestAPIs, AWS, AWS S3
- Architected and implemented a scalable RESTful API using Laravel and Laravel REST Framework, resulting in a 30% improvement in data retrieval speed.
- Contributed to a collaborative backend team, responsible for implementing REST APIs. Ensured seamless integration with the frontend team to guarantee functionality and performance.

Education

Rajasthan Technical University   Aug 2019
Bachelor of Technology in Computer Science (74 Percentage)   *Jaipur, Rajasthan*

Nitin Sr. Sec. School   Aug 2015
Higher Secondary   *Jaipur, Rajasthan*
